Our Products

★ PREMIUM QUALITY

1. Un-plasticized Polyvinyl Chloride Pipes (UPVC Pipes)

TMR PolyTubes manufactures high quality UPVC Pipes under the brand name of 'GANPATI MONIKA PREMIUM'. UPVC Pipes are manufactured conforming to IS-4985:2000 of the Bureau of Indian Standards from sizes 25mm to 315 mm in various classes. UPVC Pipes finds wide applications in irrigation, potable water supplies, domestic drainage, transportation of chemicals and other industrial effluents and wastes.

Dynamic UPVC Pipes are at the top in quality, economical, light in weight but with high strength to weight ratio, non corrosive and have excellent flow characteristic.

✦ Applications:

- ✓ Drinking Water Supplies
- ✓ Irrigation Purposes
- ✓ Sanitary
- ✓ Effluent & Sewerage Disposal

★ PREMIUM QUALITY

2. UPVC Plumbing Pipes for Cold Water Applications

Ganpati Monika Premium Cold Water Plumbing System is an attractive alternative to conventional plumbing system made of G.I. and copper pipes. Ganpati Monika Premium Cold Water Plumbing system uses pipes and fittings made of technically advanced plastic material.

Ganpati Monika Premium PVC pipes and fittings are manufactured in sizes 1/2" to 2" dimensions, in accordance with ASTM D-1785 specifications. TMR PolyTubes' expertise in PVC Processing helps produce highest quality uPVC Pipes and fittings.

✦ Applications:

- ✓ Cold potable water distribution in buildings of all types
- ✓ Fire suppression systems (sprinklers etc.)
- ✓ Corrosive Fluid handling in industries

★ PREMIUM QUALITY

3. HDPE Pipes

The group is also manufacturing self HDPE Ducts with high quality HDPE material with inner surface of Ducts self lubricated by homogenous construction to provide inner smooth and low co-efficient of friction.

✦ Advantages:

- ✓ Saves manpower
- ✓ Co-efficient of friction
- ✓ Longer cable installation
- ✓ Overcomes difficult field conditions
- ✓ Low transportation costs
- ✓ Product life over 50 years

✦ Applications:

- ✓ Drinking Water Supplies
- ✓ Irrigation Purposes
- ✓ Sanitary
- ✓ Effluent & Sewerage Disposal
- ✓ Communication

★ PREMIUM QUALITY

4. PVC Garden Pipes

We are also manufacturing high quality PVC Garden Pipes used for water supply for Irrigation and domestic purposes.

✦ Uses:

- ✓ Drinking Water Supplies
- ✓ Irrigation Purposes
- ✓ Sanitary

✦ Advantages:

- ✓ Safe material to carry drinking water
- ✓ Relatively non-toxic
- ✓ Excellent value for money
- ✓ Does not suffer easily from corrosion

★ PREMIUM QUALITY

5. Column Pipes

The column pipes are relatively lighter in weight and hence are easy to carry, move and install in the desired place. The materials used in the manufacturing of UPVC column pipes are of excellent quality that makes the entire range highly durable and resistant to various odd conditions.

🔴 Features:

- ✓ Manufactured with high quality virgin PVC raw material
- ✓ High impact modifier for extra strength
- ✓ Tested safe for potable water application
- ✓ Long life - chemical and corrosion resistant
- ✓ Smooth inner wall, no scale build-up
- ✓ Energy saving of over 10%

★ PREMIUM QUALITY

6. SWR Pipes

Ganpati Monika Premium SWR systems include an extensive range of Soil, Waste and Rainwater plumbing products for commercial, industrial, housing and public sector developments, all built on the strength of our quality and innovation.

🔴 Features:

- ✓ Light weight
- ✓ Resistant to any type of corrosion
- ✓ Solvent joint (Pasting) as well as easy to install leak proof rubber ring joints
- ✓ Available in different length to suit various needs

Our New Products

★ NEW ARRIVAL

1. Water Tank

We are a renowned business organization engaged in manufacturing and supplying a broad assortment of Plastic Water Storage Tank to the clients. Our water tanks are manufactured using high-quality virgin materials and advanced technology to ensure durability and long life.

🔴 Features:

- ✓ First time a threaded Lid with Air Vent for clean and odorless water
- ✓ Made from 100% virgin materials
- ✓ Stronger and unbreakable due to thicker walls
- ✓ UV stabilized for protection from UV rays of sunlight
- ✓ Available in double layers and triple layers for outdoor use
- ✓ Loft tanks available for indoor use
