## About Workshop

Education is fundamental for achieving full human potential, developing an equitable and just society, and promoting national development. National Education Policy -2020 which replaces the previous National Policy on Education, 1986, is the first education policy of the 21st century and aims to address many growing developmental imperatives of our country. It is essential to create comprehensive understanding and awareness about the implementation of NEP-2020 amongst all segments of the society. As we know that National Education Policy-2020 is being implemented by CCS University, Meerut from this academic session (i.e.2021-22) onward. Its success will depend on how it is executed. There is a need to create awareness about NEP amongst teachers, students, officials, and other stakeholders in the higher education system. This workshop is being organized for comprehensive understanding of all aided/Self-Finance colleges situated in Muzaffarnagar district regarding Admission Policy, Course Curriculum, Marking and grading system, Examination and Evaluation system and Academic Bank of Credits (ABC) Scheme etc. framed by CCS University, Meerut in accordance with National Education Policy-2020.
