Chemistry Degree programme, while, Mr.Pranshu Verma and Atul Mishra got 2nd and 4th positions in BSc (Ag) degree programme of C.C.S. University ranking list, respectively

06 Certificate Courses in: Bee Keeping, Poultry farming, Water harvesting and management, Agriculture Policy, Organic farming, Sericulture; 02 awareness programmes in Value added products from fruits and vegetables, Dairy farming for rural farmers and 01 diploma course in Fruits and vegetables started under the aegis of IGNOU, New Delhi; and 02 add-On courses are being successfully running in college which were initiated from academic year of 2018-19 in order to cater the versatile need of academia/industry. While, during 2020-21, College has completed the required formality for opening new PG course in Chemistry and granting of approval by University for session 2021-22 onwards.

College has separate Training and Placement cell for students support and guidance which helps in choosing their career after graduation and Post-graduation. The cell invites corporate executives/CEO for campus placement. Guest lectures are arranged to provide guidance about career options and personality development. Besides providing the best possible teaching learning environment from the available resources, the future fit students are being prepared by exposing them to various co-curricular/extra-curricular activities. During 2020-21, One online guest lecture on "From Chaos to Clarity: How to be the Leader of Your Own Life" was organized by training and placement cell. The college has organized various indoor and outdoor sport activities in campus. These activities include Badminton, Chess, Javelin throw, Short Put, Long Jump and Triple jump.

A tour of students and faculty members is organized each year and College students also visit Farmers Fair at different place near vicinity of district. However, this academic session these programs were not organized due to the Covid-19 pandemic. NSS Seven days Day camp on relevant themes is also being organized each year. Besides this, 04 one-day camps were also conducted on various themes. Rover-Ranger was organized 5 days Parvesh camp, 5 days Nipun

camp and one day disaster management task force. Intercollegiate Rovers-Rangers Tournament and Nipun Camp are also organized every year. The NCC cadets adopted Naseerpur Village and conducted several activities in order to uplift the villagers.

Several programmes are also being organized each year for promotion of universal values and ethics, faculty/staff training programme, Inter-Collegiate Debate Competition and programmes on *MahilaSashaktikaran*, Disaster management and cleanliness. For honouring and inspiring the golden steps made by our students in curricular/co-curricular/extra-curricular activities, meritorious students and students with specific achievement are honoured by Medals and Cash Prize through conduction of “Meritorious Students Award Ceremony” each year.

For developing the self-employment and Entrepreneurship skills among the students, ‘ASSET’ (Agri skill Centre for self-employment training and research) is functional in the college premises with the objective of creation of self-employment, transfer of technology and development of entrepreneurship skill. It is helping the students in taking the hands-on training in different arena such as organic farming, dairy farming, bio-gas operation integrated with pisciculture, NADEP compost technique, vermin composting, apiculture, poultry farming, fodder production through hydroponics and mushroom farming. During the study period, the students got the expertise so that they may be self-reliant and or/create jobs. The farmers of the vicinity are also benefited by this adventure. The problems of the farmer have also been solved by the respective faculty member. *Kisan Gosthies* are also conducted in order to highlight the burning issues related to agriculture and its remedy.

The on-study students collect the problems of farmers and techniques used by them during the Rural Agriculture Work Experience (RAWES) programme which run for a semester. The farmers are encouraged to take the problems to college platform for redressal purpose by the RAWES students. Any farmer can visit the Centre to learn the technique and get the solution of their problem. College also has Soil Testing Facility for analysing the soils and water samples of farmers helps in judicious use of nutrients in order to overcome the problem of soil and ground water pollution. Workshops were also organized on hand on training on computer application to enhance the digital literacy among students.
