Certificate Courses

The Institute has established its distinctive approach towards this comprehensive vision by the means of certificate courses or by allowing the students to organize events to develop their skills, multidisciplinary project development, Entrepreneurship development, Ethical and Human value development. College provides certificate courses in Bee Keeping, Poultry farming, Water harvesting and management, Agriculture Policy, Organic farming, Sericulture; 02 awareness programmes in: Value added products from fruits and vegetables, Dairy farming for rural farmers and 01 diploma course in Fruits and vegetables started under the aegis of IGNOU, New Delhi; and 02 add-On courses are being successfully running in college which were initiated from academic year of 2018-19 in order to cater the versatile need of academia/industry. The

college have many MOUs with Industries so all the students are motivated for Internship or training at industry or research organization or university according to the curriculum.

New Courses

College continuously made efforts to introduce the new courses in campus. During 2018-19 college has started B.Com and successfully run it. During 2021-22, College has started admissions in MSc Chemistry and successfully started it. Although NOC for Agriculture Botany and M.Com is still awaited by University.

Training and Placement

College has separate Training and Placement cell for students support and guidance which helps in choosing their career after graduation and Post-graduation. The cell invites corporate executives/CEO for campus placement. Till now a large number of students get job in different multinational companies under the guidance of training and placement cell. Guest lectures are arranged to provide guidance about career options and personality development. Besides providing the best possible teaching learning environment from the available resources, the future fit students are being prepared by exposing them to various co curricular/extra-curricular activities. In this session 2022-23 our four students Mr Shivam in Air force , Rashi Nehra and Aastha Sharma in central school and Farik in BSF have got government Job. One national webinar on financial literacy of youth was organized by department of Commerce and training and placement cell.

Agri skill Centre for self-employment training and research (ASSET)

For developing the self-employment and Entrepreneurship skills among the students, 'ASSET' (Agri skill Centre for self-employment training and research) is functional in the college premises with the objective of creation of self-employment, transfer of technology and development of entrepreneurship skill. It is helping the students in taking the hands-on training in different arena such as organic farming, dairy farming, bio-gas operation integrated with pisciculture, NADEP compost technique, vermi-composting, apiculture, poultry farming, fodder production through hydroponics and mushroom farming. During the study period, the students got the expertise so that they may be self-reliant and or/create jobs. The farmers of the vicinity are also benefited by this adventure. The problems of the farmer have also been solved by the respective faculty member. Kisan Gosthies are also conducted in order to highlight the burning issues related to agriculture and its remedy. The on-study students collect the problems of farmers and techniques used by them during the Rural Agriculture Work Experience (RAWE) programme which run for a semester. The farmers are encouraged to take the problems to college platform for redressal purpose by the RAWE students. Any farmer can visit the Centre to learn the technique and get the solution of their problem. College also has Soil Testing Facility for analysing the soils and water samples of farmers helps in judicious use of nutrients in order to overcome the problem of soil and ground water pollution. Workshops were also organized on

hand on training on computer application to enhance the digital literacy among student. A tour of students and faculty members is organized each year and College students also visit Farmers Fair at different place near vicinity of district.

Sports and Physical Activities

The college has organized various indoor and outdoor sport activities in campus. These activities include Badminton, Chess, Javelin throw, Short Put, Long Jump and Triple jump. In 2022-23 students got medals in different sport activities in university, state and National tournaments. Some names are Aryan in shooting, Parul in shooting Ball, Shivam kumar in Gymnastic, Vishwas, Vishu, Yash in Kabaddi, Harsh Pundir in Judo, Sarthak kushwaha in Hockey, Manish Sharma in Basket Ball, Vikrant Malik in Weight lifting, Sudarshan in Taekwondo.

Extra Co curricular Activities
